Dear Applicant

Thank you for your interest in applying for a fiscal year (FY) 2019 Grants to Charter Management Organizations for the Replication and Expansion of High-Quality Charter Schools (CMO competition) under the United States Department of Education (Department’s) Expanding Opportunity through High-Quality Charter Schools Program (CSP). We intend to use an estimated $90,000,000 for this competition, although we are bound by this estimate. The CSP is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA) (20 U.S.C. 7221 – 7221j).

The purpose of the CMO competition (CFDA 84.282M) is to support charter schools that serve early childhood, elementary school, or secondary school students by providing grant funds to eligible applicants for the replication and expansion of high-quality charter schools.

Please read the document in the attached application package entitled Grants.gov Submission Procedures and Tips for Applicants, which describes the submission procedures to ensure that your application is received in a timely and acceptable manner. Applications for funds under the FY 2019 CMO competition (84.282M) must be submitted electronically using the government wide Grants.gov Apply site at www.Grants.gov on or before the deadline date. The electronic submission of applications is required; therefore, you must submit an electronic application unless you follow the procedures in the Notice Inviting Applications for New Awards for FY 2019 that was published in the Federal Register on November 30, 2018 (83 FR 61610) and qualify for one of the exceptions to the electronic submission requirement. If you think you may need an exception, you are urged to review the requirements promptly in order to obtain prior approval from the Department within the timeline specified in the FY 2019 Notice.

Please note that the deadline for submission of a grant application under this competition is 4:30:00 pm on January 10, 2019 Washington, DC time. Applications submitted late will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applicants. We suggest that you submit your application several days before the deadline, and we strongly recommend that you do not wait until the last day to submit your application. Please note that prospective applicants must register with Grants.gov and the System for Award Management (SAM) as well as obtain several authorizations in order to submit an application. This registration process can take several weeks, so we recommend that you begin the process well in advance of the application deadline date.

A CSP program officer is available to provide technical assistance to applicants. If you have any questions about the program after reviewing the application package, please call or e-mail Eddie Moat at (202) 401-2266, eddie.moat@ed.gov. For questions or problems in navigating the Grants.gov system, please call the Grants.gov helpdesk at 1-800-519-4726.

We look forward to receiving your application and appreciate your efforts in increasing the national understanding of the charter school model and expanding the number of high quality charter schools across the Nation.

Sincerely,

Soumya Sathya
Program Manager, Charter Schools Program

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser

ATTENTION – Workspace, Adobe Forms and PDF Files Required

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: https://www.grants.gov/web/grants/applicants/workspace-overview.html

1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

   a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html
b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

3) Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Helpful Reminders

1) REGISTER EARLY – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: http://www.grants.gov/web/grants/register.html [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: http://www2.ed.gov/fund/grant/apply/sam-faqs.html

2) SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) VERIFY SUBMISSION IS OK – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the
application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission problems – what should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-519-4726 or email at: support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m. Washington, DC time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants only include read-only, flattened .PDF files in their application:
Ensure that you attach **PDF files only** for any attachments to your application, and they must be in a **read-only, flattened format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.

Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

Application Submission Procedures

**APPLICATION TIPS**

I. Register or maintain registration on SAM.gov. The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov. Also note that you will need to update your registration annually. This may take three or more business days.

II. Register early on Grants.gov. The registration process may take up to two weeks to complete. For additional information on the registration and submission process please review the resources available on the Grants.gov Website.

III. Verify that the person assigned to submit the application has been designated as an Authorized Organization Representative (AOR). Track your AOR status (see page 6). You must be “active” in order to submit an application on behalf of the organization.

IV. Review the submission for clarity. Applications will be read by multiple peer reviewers; therefore it is important to ensure that the application can be understood by someone who is unfamiliar with your project. It is highly recommended that an applicant clearly state which priority, requirement or selection criterion their application is responding to throughout their submission.

V. Submit all files in .PDF format. While Grants.gov may accept other format types, the Department’s system, which receives the files from Grants.gov, will only accept .PDF files. Files submitted in formats other than .PDF may not convert in a legible manner and, in these instances, cannot be reviewed.

VI. Submit early on Grants.gov. Applications must be finished uploading, and be validated by the Grants.gov system, by 4:30:00 pm, Washington, DC, time on the deadline date. Validation indicates if the submission was successful and may take up to two days. If the submitted application is deemed invalid due to an error, applicants may correct the error and resubmit only if the 4:30:00 pm Washington, DC time deadline has not passed. Applicants are encouraged to review the submission to be sure that the files transmitted correctly. Grants.gov may not catch all errors. Late submissions or modifications to the submitted application will not be accepted after the deadline.

VII. Each application will be reviewed under the competition it was submitted under in the Grants.gov system, and only applications that are successfully submitted by the established deadline will be peer reviewed. Applicants should be careful that they download the intended CSP Grants to Charter School Management Organizations for the Replication and Expansion of High-Quality Charter Schools and that they submit their applications under the correct CSP grant (84.282M).

**NOTE:** Applicants will receive multiple emails to confirm submission in Grants.gov, validation, and transmission to the Department of Education. Once the application is transmitted to the Department, applicants will receive a final email with a unique identifier called a PR Award Number. Use this number when making inquiries about the submitted application.

*For more information on grants.gov submission procedures and Tips for Applicants please refer back to the submission procedures located at the beginning of this document starting on page 4.*
DUNS Number Instructions

All applicants must have a D-U-N-S number in order to apply for federal funds.

**NOTE:** Check with your fiscal office to see if your institution has an assigned D-U-N-S before contacting Dun & Bradstreet.

Please provide the applicant’s D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

The D-U-N-S Number is a unique nine digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1-888-814-1435.**

**Note:** Electronic submission via Grants.gov must use the D-U-N-S number your organization used when it registered in the System for Award Management.
Electronic Submission Policy

Electronic Submission is Required

As outlined in the Federal Register notice for this grant competition, applications for grants under the CSP Grants to Charter School Management Organizations for the Replication and Expansion of High-Quality Charter Schools, CFDA number 84.282M, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

Under mandatory submission, electronic applications must be received by 4:30:00 pm Washington, DC time on the application deadline date. Under this new policy, Education does not allow for any last minute waiver requests from applications, which is a change from the previous policy for mandatory electronic submission. Consequently, we strongly encourage you to review the registration and submission procedures for the designated electronic application system right away. In addition, we strongly suggest that you do not wait until the deadline date to submit your application.

Exception to Electronic Submission Requirement:

You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail your statement to: Eddie Moat, U.S. Department of Education, 400 Maryland Avenue, SW., room 4W259, Washington, DC 20202-5970.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in the Federal Register notice for this grant competition.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:
You must show proof of mailing consisting of one of the following:
(1) A legibly dated U.S. Postal Service postmark.
(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
(3) A dated shipping label, invoice, or receipt from a commercial carrier.
(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:
(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.
Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

We will not consider applications postmarked after the application deadline.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

9. Type of Applicant: (Required) Select up to three applicant type(s) in accordance with agency instructions.
Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

II. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. (Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).

B. Exemptions:

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving
educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of
consent or the requirement for documentation of consent.

(4) **Potential Risks**: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk**: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained**: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTE: The **State Applicant Identifier** on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).
INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

Check “No” if you do not meet the requirements for novice applicants.

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424

3a. Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)]
Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.
   [Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB’s website at: http://www.whitehouse.gov/omb/circulars/index.html]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 75.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at: http://www.ed.gov/fund/grant/apply/appforms/appform1.html.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from accessing or participating in the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concerns of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

FY 2019 Absolute Priorities

For FY 2019 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet one of these priorities.

Each of these absolute priorities constitutes its own funding category. The Secretary intends to award grants under each absolute priority for which applications of sufficient quality are submitted.

The priorities are:

Absolute Priority 1--Rural Community.

Under this priority, applicants must propose to replicate or expand one or more high-quality charter schools in a rural community.

Absolute Priority 2--Low-Income Demographic.

Under this priority, applicants must demonstrate that at least 40 percent of the students across all of the charter schools the applicant operates or manages are individuals from low-income families, and that the applicant will maintain the same, or a substantially similar, percentage of such students across all of its charter schools during the grant period.

While the information above is provided for applicants’ convenience, applicants should be sure to review the full Notice Inviting Applications for this competition in the Federal Register.
The FY 2019 Grants to Charter School Management Organizations for the Replication and Expansion of High-Quality Charter Schools (84.282M) identifies five Competitive Preference Priorities. These priorities will apply to grants awarded under this competition in FY 2019 and any subsequent year in which we make awards from the list of unfunded applications from this competition. The information below is provided for applicants’ convenience; applicants should be sure to review the full Notice Inviting Applications for this competition in the Federal Register. That notice contains the full text of each priority.

**Competitive Preference Priorities**

In order to receive preference under these competitive preference priorities, the applicant must identify the priority or priorities that it believes it meets and provide documentation supporting its claims. The maximum total competitive preference points an application can receive for this competition is fifteen.

**Note:** In order to receive points under these competitive preference priorities, the applicant should identify the priority or priorities that it is addressing and provide documentation that supports the identified competitive preference priority or priorities.

**Competitive Preference Priority 1**—Promoting Diversity. (up to 3 points)

**Competitive Preference Priority 2**—Reopening Academically Poor-performing Public Schools as Charter Schools. (up to 3 points)

**Competitive Preference Priority 3**—High School Students. (up to 3 points)

**Competitive Preference Priority 4**—Replicating or Expanding High-quality Charter Schools to Serve Native American Students. (up to 3 points)

**Competitive Preference Priority 5**—Novice Applicants. (0 or 3 points)

Please review the NIA for the full text of these priorities.
FY 2019 Selection Criteria

The selection criteria for this competition, where cited, are based on section 4303 of the ESEA and 34 CFR 75.210. We are establishing the remaining selection criteria for the FY 2019 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of GEPA, 20 U.S.C. 1232(d)(1). The maximum possible score for addressing all of the criteria in this section is 100 points. The maximum possible score for addressing each criterion is indicated in parentheses following the criterion.

The selection criteria for applicants submitting applications under CFDA number 84.282M are listed below. Applicants should review the NIA for the full text of each criterion.

Selection Criteria for Grants to Charter School Management Organizations for the Replication and Expansion of High-Quality Charter Schools Grants (CFDA number 84.282M)

(i) Quality of the eligible applicant (45 points).
(ii) Significance of contribution in assisting educationally disadvantaged students (30 points).
(iii) Quality of the evaluation plan for the proposed project (10 points).
(iv) Quality of the management plan and personnel (15 points).

Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

(a) In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Risk Assessment and Special Conditions: Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements...
in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

**Suggested Point Ranges for Rating Applicant Responses to the Selection Criteria**

**This document will be provided to peer reviewers to assist in the reviewing and scoring of the eligible applicant’s response to the Selection Criteria. It is included here for the applicants’ reference.**

All applicants are required to respond to each of the Selection Criteria published in the NIA published in the Federal Register on November 30, 2018. Please assess applications based on the Selection Criteria. No outside factors, such as personal knowledge of past performance, or subjective judgments about what an application should contain may be considered. The application should be a comprehensive design for the proposed intervention and desired outcomes. Therefore, it is imperative that reviewers read the application in its entirety to determine the overall quality of the proposed project and the quality of the applicant’s response to each Selection Criterion.

The numerical scores assigned to an applicant’s response to the Selection Criteria must be consistent with the comments written. Comments and scores should reflect the same overall assessment of the quality of the response. It is important that you do not pair a negative comment with a positive score and vice versa. Comments indicate why the applicant’s response to each Selection Criterion is fully developed, well developed, adequately developed, poorly developed, or not addressed. Scores indicate how well or poorly the applicant responded to a Selection Criterion. Shown below are suggested point ranges for an evaluation of fully developed, well developed, adequately developed, poorly developed, or not addressed, for each of the Selection Criteria.

(NFP)

(g) If the applicant currently operates, or is proposing to replicate or expand a single-sex charter school or coeducational charter school that provides a single-sex class or extracurricular activity (collectively referred to as a “single-sex educational program”), demonstrate that the existing or proposed single-sex educational program is in compliance with Title IX of the Education Amendments of 1972 (20 U.S.C. 1681, et seq.) and its implementing regulations, including 34 CFR 106.34. REPORTING AND PERFORMANCE MEASURES

Reporting:

At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.119. For specific requirements on grantee reporting, please refer to the ED Performance Report Form ED 524B at: http://www.ed.gov/fund/grat/apply/appforms/appforms.html.

Performance Measures:

(a) Program Performance Measures (GPRA). The goal of the CSP is to support the creation and development of a large number of high-quality charter schools that are free from State or local rules that inhibit flexible operation, are held accountable for enabling students to reach challenging State performance standards, and are open to all students. The Secretary has set two performance indicators to measure this goal:

   i. The number of charter schools in operation around the Nation;
   
   ii. The percentage of fourth- and eighth-grade charter school students who are achieving at or above the proficient level on State examinations in mathematics and reading/language arts.

Additionally, the Secretary has established the following measure to examine the efficiency of the CSP:

   iii. Federal cost per student in implementing a successful school (defined as a school in operation for three or more years).

All grantees will be expected to submit an annual performance report documenting their contribution in assisting the Department in meeting these performance measures.

(b) Project-Specific Performance Measures. Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c):

   (1) Performance measures. How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

   (2) Baseline data. (i) Why each proposed baseline is valid; or (ii) If the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and of how and when, during the project period, the applicant would establish a valid baseline for the performance measure.

   (3) Performance targets. Why each proposed performance target is ambitious, yet achievable, compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

Note: The Secretary encourages applicants to consider developing project-specific performance measures and targets tied to their grant activities (for instance, if grant funds will support professional development for teachers and other staff, the applicant should include measures related to the outcomes for the professional development), as well as to student academic achievement during the grant period. The project-specific performance measures should be sufficient to gauge the progress throughout the grant period and show results by the end of the grant period.
For technical assistance in developing effective performance measures, applicants are encouraged to review information provided by the Department’s Regional Educational Laboratories (RELs). The RELs seek to build the capacity of States and school districts to incorporate data and research into education decision-making. Each REL provides research support and technical assistance to its region but makes learning opportunities available to educators everywhere. For example, the REL Northeast and Islands has created the following resource on logic models: https://ies.ed.gov/ncee/edlabs/regions/northeast/pdf/REL_2015057.pdf.

(4) Data Collection. The applicant must also describe in the application: (i) the data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data, and (ii) the applicant’s capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

Note: If the applicant does not have experience with collection and reporting of performance data through other projects or research, the applicant should provide other evidence of capacity to successfully carry out data collection and reporting for their proposed project.

All grantees must submit an annual performance report with information that is responsive to these performance measures. **If you will be unable to report on a measure annually it should not be identified as a project-specific performance measure.**
Before preparing the budget narrative, applicants should review the Federal Register notice inviting applications, the instructions for ED 524 Section C, Budget Narrative and the program statute for specific guidance and requirements. Note that applications will be evaluated according to the specific selection criteria specified in the Federal Register notice. Attachments must be in .PDF format.

The Budget Narrative Form should include the eligible applicant’s itemized budget breakdown, and justification by project year, aligned with the budget included on the ED 524 form. If applicable to this program, provide the rate and base on which fringe benefits are calculated. Please check all figures and combined totals in the budget narrative, and compare the amounts with those reflected on the ED 524.

The budget should include only costs that are allowable, reasonable, and necessary for carrying out the objectives of the grant project. Rules about allowability of costs are contained both in EDGAR and in the Uniform Guidance (2 C.F.R. § 200). The Uniform guidance streamlines and consolidates government requirements for receiving and using federal awards so as to reduce administrative burden and improve outcomes. It was published in the Federal Register (79 Fed. Reg. 75871) on December 19, 2014, and became effective for new and continuation awards issued on or after December 26, 2014. Additional Information can be found in the following link: http://www2.ed.gov/policy/fund/guid/uniform-guidance/index.html.

Applicants must complete ED 524 (in the standard forms section) for all budget years of the proposed project. Applicants must also provide a budget narrative that describes their proposed multiyear project activities and the costs associated with those activities as well as all costs associated with carrying out the proposed project. Section 75.112(b) of EDGAR requires applicants to present “a narrative that describes how and when, in each budget period of the project, the applicant plans to meet each objective of the project.” EDGAR may be accessed at:

For each line item of Sections A (federal costs) of the Budget Form (ED 524), provide detailed costs (in dollars) accompanied by a narrative justification to support your request.

Note: There is no matching requirement under this program. If an applicant shows funding in Section B, they must meet this voluntary match if awarded.

Please check all figures and combined totals in the budget narrative, and compare the amounts with those reflected on the ED 524.

Funding Restrictions:

Grantees under this program must use the grant funds to replicate or expand the charter school model or models for which the applicant has presented evidence of success. Specifically, grant funds must be used to carry out allowable activities, as described in section 4305(b)(1) of the ESEA. In addition, grant funds must be used to carry out one or more of the activities described in section 4303(h), which include--

(a) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with--

(i) Providing professional development; and

(ii) Hiring and compensating, during the applicant’s planning period specified in the application for funds, one or more of the following:

(A) Teachers,

(B) School leaders, and

(C) Specialized instructional support personnel.
(b) Acquiring supplies, training, equipment (including technology), and educational materials (including developing and acquiring instructional materials).

(c) Carrying out necessary renovations to ensure that a new school building complies with applicable statutes and regulations, and minor facilities repairs (excluding construction).

(d) Providing one-time, startup costs associated with providing transportation to students to and from the charter school.

(e) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment.

(f) Providing for other appropriate, non-sustained costs related to the replication or expansion of high-quality charter schools when such costs cannot be met from other sources.

Under section 4305(b)(1) of the ESEA, CMO grant funds must be used to open and prepare for the operation of one or more replicated high-quality charter schools or to expand one or more high-quality charter schools. Within the context of opening and preparing for the operation of one or more replicated high-quality charter schools or expanding one or more high-quality charter schools, a portion of grant funds can be used for appropriate, non-sustained costs associated with the expansion or improvement of the grantee’s oversight or management of its charter schools, provided that (i) the specific charter schools being replicated or expanded under the grant are the intended beneficiaries of such expansion or improvement; (ii) such expansion or improvement is intended to improve the grantee’s ability to manage or oversee the charter schools being replicated or expanded under the grant; and (iii) the costs cannot be met from other sources. In order to use grant funds for this purpose, an applicant should describe how the proposed costs are necessary to meet the objectives of the project and reasonable in light of the overall cost of the project.

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of the notice inviting applications.
Instructions for completing the budget narrative.

Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Section A of the ED 524 (and Section B, if applicable). Provide other budget explanations or comments deemed necessary.

Personnel (Line 1): Provide each project personnel’s base salary and wages and FTE.

Fringe Benefits (Line 2): If applicable to this program, provide the rate and base on which fringe benefits are calculated and identify the staff who are receiving the benefits. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs.

Travel (Line 3): Indicate the travel costs of employees and participants only. Provide a breakdown of the costs associated with each trip and justification for the costs. In addition, eligible applicants should include costs for at least one project staff person (project director) to attend an annual 2-day project directors meeting in Washington, DC.

Equipment (Line 4): Indicate the cost of tangible, non-expendable personal property that has usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or $5,000 per article. Lower limits may be established to maintain consistency with the applicant’s policy. Indicate the amount of equipment that is being purchased, the cost per unit, and the justification of purchases that links to the project narrative.

Supplies (Line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project. Applicants should provide a breakdown of how supplies costs are determined.

Contractual (Line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant’s services are obtained through a written binding agreement or contract. Identify who is being contracted with, the amount of the contract (this should include a breakdown of the major service components of the contract and the costs of each portion) and an explanation of what the services are being provided by the contractor.

Construction (Line 7): Not applicable.

Other (Line 8): Indicate all direct costs not covered on lines 1-6. This includes a breakdown of number of subgrants per year as well as the amount of each award or range, if applicable, per year. In addition, this line also could include costs such as space rental, required fees, training, and communication and printing costs. Do not include costs that are included in the indirect cost rate.

Total Direct Costs (Line 9): The sum of lines 1-8.

Indirect Costs (Line 10): Indicate the applicant’s approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant does not have an approved indirect cost rate agreement with a cognizant Federal agency, the applicant must apply to the Department for a temporary indirect cost rate if it wishes to charge indirect costs to the grant.

Note: If you have questions about obtaining an approved Indirect Cost Rate or applying your Indirect Cost Rate, you may contact a cost negotiator using the information provided at the following URL: http://www.ed.gov/about/offices/list/ocfo/fipao/icgreps.html. If you have further questions about Indirect Cost rates, please refer to 2 CFR 200.56.

Training Stipends (Line 11): Indicate the amount of stipend, the number of grant participants receiving the stipends and the justification for the stipend. Please make sure that training stipends are placed under this line item and not under “Personnel” or “Other.”

Total Cost (Line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + training stipends).

Please note that a budget justification should be provided for both Federal costs and Non-Federal costs (if applicable).
 Applicants should **attach all appendices to the Other Attachments Form.** For each appendix, applicants are asked to save files as a .PDF, label each file with the Appendix name (e.g., Appendix A Resumes/Curriculum Vitae) and upload the file to the Other Attachments Form. The Other Attachments Form can support up to ten attachments, therefore please merge appendices into one document as necessary.

Applicants are encouraged to follow the instructions below when uploading information to the Appendix:

**Appendix A:** CSP Assurances

**Appendix B:** Resumes/Curriculum Vitae: Provide resumes/curriculum vitae for the project director as well as any key personnel identified in the application.

**Absolute Priority 1—Rural Community**

Provide information to show that the school proposed to be replicated or expanded in the submitted application is in a rural community, as defined in the Notice Inviting Applications.

*Rural community* means a community that is served by a local educational agency that is eligible to apply for funds under the Small Rural School Achievement (SRSA) program or the Rural and Low-Income School (RLIS) program authorized under title V, part B of the ESEA. Applicants may determine whether a particular local educational agency is eligible for these programs by referring to information on the following Department websites. For the SRSA program: [www2.ed.gov/programs/reapsrsa/eligible16/index.html](http://www2.ed.gov/programs/reapsrsa/eligible16/index.html). For the RLIS program: [www2.ed.gov/programs/reaprlisp/eligibility.html](http://www2.ed.gov/programs/reaprlisp/eligibility.html).

**Absolute Priority 2—Low-Income Demographic**

Provide information to show that the at least 40 percent of the students across all of the charter schools the applicant currently operates or manages are individuals from low-income families, as defined in the Notice Inviting Applications. Information should include school name, location, number and percentage of students at each school who are individuals from low-income...
families, the total number and percentage of students across all the charter schools the applicant currently operates or manages that are individuals from low-income families and how that number and percentage were calculated, and the method or source used to classify students as individuals from low-income families.

Appendix F: Schools Operated by Applicant
Provide information to show that the applicant operates more than one charter school, therefore meeting (d) of the Application Requirements. Information should include school name, grade levels, location, whether the school holds a separate charter, and authorizer for each charter school operated by the applicant. If the applicant holds only one charter but operates multiple schools under the same charter, provide documentation demonstrating that they are separate and distinct schools, including, but not limited to:

a) A copy of the charter agreement;
b) Documentation of whether the charter schools were established and are recognized as separate schools under state law (i.e., the applicable state statute or unique school identification number issued by the state);
c) A copy of the performance agreements with the authorized public chartering agency, if different from the charter agreement;
d) Physical locations of the schools;
e) Documentation of whether the schools have separate facilities, staffs, and student bodies;
f) Documentation of whether day to day operations at the separate schools are carried out by different administrators, and of whether schools are run by separate principals.

Appendix G: Student Academic Achievement
Provide documentation on the student academic achievement for each charter school operated or managed by the applicant. Such information should contain performance data both school-wide and by subgroup, and should include comparisons to all students in the State at the same grade level, and, to the extent available, as compared with other schools serving similar demographics of students.

Appendix H: Supplemental Organizational Budgets and Financial Information

Appendix I: Additional Information: Provide any additional information needed and label Appendix I Additional Information when uploading.
Pursuant to Title IV, Part C of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA), and Part 75 of Title 34 of the Code of Federal Regulations, Applications for CSP CMO grant funds must provide the following assurances. These assurances are from sections 4303 and 4305 of the ESEA. The source of each assurance is provided in parentheses following each assurance.

Applicants for funds under this program must provide assurances that—

(a) The grantee will support charter schools in meeting the educational needs of their students, as described in section 4303(f)(1)(A)(x) of the ESEA. (Section 4303(f)(2)(B) of the ESEA)

(b) The grantee will ensure that each charter school receiving funds under this program makes publicly available, consistent with the dissemination requirements of the annual State report card under section 1111(h) of the ESEA, including on the website of the school, information to help parents make informed decisions about the education options available to their children, including—

(i) Information on the educational program;

(ii) Student support services;

(iii) Parent contract requirements (as applicable), including any financial obligations or fees;

(iv) Enrollment criteria (as applicable); and

(v) Annual performance and enrollment data for each of the subgroups of students, as defined in section 1111(c)(2) of the ESEA, except that such disaggregation of performance and enrollment data shall not be required in a case in which the number of students in a group is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student. (Section 4303(f)(2)(G) of the ESEA)

(c) The eligible entity has sufficient procedures in effect to ensure timely closure of low-performing or financially mismanaged charter schools and clear plans and procedures in effect for the students in such schools to attend other high-quality schools. (Section 4305(b)(3)(C) of the ESEA).
